— MULTIMEDIA DESIGNER · CAPE TOWN

Designing thoughtful digital products & brand systems.

8+

YEARS DESIGNING

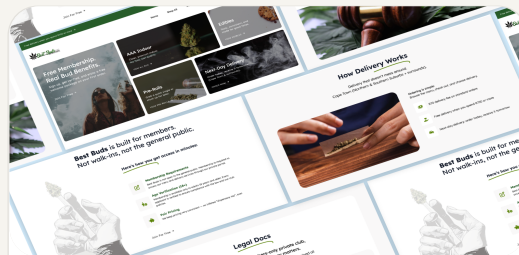

40+

PROJECTS SHIPPED

I build websites, digital products, and AI-powered systems for businesses that care about thoughtful execution and long-term quality. My work sits between design, development, and strategy.

Recent Projects

A closer look at recent web work — where creativity meets precision.

CURRICULUM VITAE

Experience & craft.

Eight years across agency, in-house, and independent work — building digital products and brands across Cape Town and beyond.

Experience

ZDS Designs — Freelance Website & Design

Present

I don't just make websites look good, I make sure they're easy to use, fast, and ready to grow with your business. From mapping user journeys in Figma to building custom WordPress sites and creating on-brand social media designs in Canva or Figma, I handle the full process from first idea to final launch.

Tamboerskloof, Cape Town

Tomorrow Labs — Lead of Digital Design & Web Development

Sep 2024 — Oct 2025

Led the agency's web and digital delivery across fintech, e-commerce, and creative clients. Owned UI/UX design, technical strategy, and project execution — translating Figma designs into high-performing WordPress builds. Oversaw infrastructure, hosting, and integrations to ensure reliable launches and scalable

De Waterkant, Cape Town

MC Agency — Head of Digital Design & Web Development

Jun 2022 — Jul 2024

Directed end-to-end web design and development projects, combining design leadership with hands-on technical execution. Worked closely with clients to turn creative concepts into functional, polished websites while improving delivery workflows, QA processes, and post-launch reliability through proper hosting and

Vredehoek, Cape Town

RuZen — Founder & Lead Web & Graphic Designer

Oct 2020 — Aug 2022

Founded and operated an independent digital studio delivering custom websites and branding solutions. Managed the full project lifecycle from client consultation to launch — providing UX design, front-end development, and graphic design. Built a strong reputation for creative problem-solving and high-quality digital

Kommetjie, Western Cape

Gordons Bay Tourism — Marketing & Design Lead

Jan 2018 — Sep 2020

Led marketing, design, and sales initiatives for a tourism business managing 40+ properties. Oversaw team operations, client relationships, and business development while creating digital, print, and branding assets. Implemented strategic marketing campaigns that increased bookings and strengthened local

Let's make something.

Available for freelance projects, contract roles, and full-time opportunities.

Open to new opportunities.

Whether it's a website, a brand refresh, or a product team that needs a multimedia designer who can ship — I'd love to hear from you.

Based in Cape Town · Remote-friendly
